Barbourville, - - - - - Kentucky.

VOTE THE REPUBLICAN TICKET AND BE HAPPY

Our alleged friends who run for local offices and who are in league with the Democratic party, the party of strange and bad counsel, to tear down all the fences of Protection afforded by a Protective Tariff are not deserving of the support of the people. They know that if the fences of Protection are taken down from around our industries and from around American labor, the farm products and manufactured articles from Europe and the various nations of the world, made by cheap labor, will be turned loose upon our markets and our farming and manufacturing industries will be destroyed just as surely as the turning of hogs, cattle and other live stock into a field will destroy the crops, but they are willing to try to keep up the deception in order to hold on to their jobs and keep the old frazzled name of "Democrat." Some of the local office holders and office seekers tell you it is all right to be for Protection nationally, but it is not necessary to be for it locally. They want to force their Free-Trade policies upon us by taking off the Tariff Protection on farm products and manufactures and turn us over to foreign competition. Even now the office holders and job seekers mock us by telling us we are prosperous. They deride us with their arrogance and audacity and boast of the destruction they have wrought and call it prosperity. They are deceivers and should be voted down in every instance. Wake up and shake off the misery and poverty brought on you by the Democratic party. That party that has been a failure in the State and Nation, and that has never failed to bring us misery and ruin by its misrule and policy of destruction. Why should anyone vote for a Democrat for local office when he is against protection and using the power and prestige of his office against Protection, and, therefore, against the people? He is against the interest of the people and is the enemy of the people and himself. Vote him down and vote against the Democratic party every time you vote. Vote for Protection and vote only for those who are not against Protection.

What would be the use of building a fence so low it could be jumped over, or so weak and full of holes it could be pushed over or crawled through? The thing we need and must have if we do not wish to compete with the cheap negro and Indian labor of Central and South America, the "greasers" of Mexico, the coolies of China and the mongrels and low class of all nations is a Protective Tariff, and we cannot have that by supporting men or a party that are opposed to a Protective Tariff. Vote against the Democratic party because it is against a Protective Tariff and in favor of reducing us to the same basis as the low classes referred to. Vote against Democrats for local offices because they are enemies of protection and therefore enemies of the people. If any Democratic candidate says he is in favor of Protection, let him change his affiliation to a party that stands for Protection and prosperity before asking for the votes of the people. As long as he is affiliated with the Democratic party and is a candidate for office on the Democratic ticket he is assisting the cause of Democracy and destruction, and may be causing someone to vote the Democratic ticket against Protection and prosperity. The day has come when the line must be drawn. The misery and poverty brought on us by Democratic misrule ought to be sufficient to convince any man that he should no longer stand with that party, and the day will come when the majority of the people of Kentucky and the South will no longer cast a vote of prejudice under the name "Democrat," which always brings hard times, but will cast a vote of judgment, for their best interests, for Protection and prosperity, for good prices and good wages, for plenty of work and plenty of money, and it will not matter to the man who thinks of these results and the welfare of himself and family, he will vote for the sake of himself and family for our party, and against the Democratic party and its destruction of industries, its low wages, unemployment and misrule. What do you say?

COTTON TEXTILE MEN SOUND THE ALARM

Unless Protection Is restored Foreign Manufacturers Will Swamp the American Market

New London, Conn. Sept. 11 At the closing session of the convention of the National Association of Manufacturers, a resolution was passed calling the attention of the President and Congress to the importation of cotton goods under the Underwood-Wilson Tariff prior to the outbreak of the war and danger of another influx after the war ends.

The resolution included a tabulation of import statistics, showing that in the nine months from November, 1912, to July, 1913 under the Payne-Aldrich law, the value of the cotton cloths imported amounted to \$6,176,451, while in the nine months from November, 1913, to July, 1914, under the Underwood-Simmons law, they amounted to \$10,370,161. Imports of manufactures of wool are shown to have increased as follows: In the first six months of 1912 they amounted to \$6,754,771, and in the same period of 1913 \$7,227,199. That was under the Payne-Aldrich law. In the first six months of 1914 under the Underwood-Simmons law they amounted to \$24,173,980. — New York Journal of Commerce

Them City Fellows Ain't So Smart

A city man recently visited his country cousin. The man from the city, wishing to explain the joys of metropolitan life, said: "We certainly have been having fun the last few days. Thursday we autoed to the Country Club and golfed until dark, then trolled back to town and danced until morning."

The country cousin was not to be stumped in the least. Thus he said: "We have some pretty good times in the country. One day we buggied out to Uncle Ned's and went to the back lot, where we base-balled until dark. In the evening we sneaked up into the attic and seven-upped until daylight."

A study old farmer who was listening took up the conversation at this point and said: "I was having some fun about that time myself. I muled to the cornfield and gee-hawed until sun-down. Then I suppered until dark, bed-steaded until the clock fived, after I breakfasted until it was time to go muling again." — Oh My Golly

The Pleasant Smile

He was not rich in worldly goods; No offices he held; In no one field it might be said Of him that he excelled; He managed but to get along, To march with rank and file, And yet he was unique in this He had a pleasant smile.

While others careworn faces wore He smiled his way through life; He'd had his share of trouble, too, Of worldly care and strife; But somehow furrows never came That mark the weary mile; His face a benediction was— He had a pleasant smile.

He made our burdens lighter seem Our worries chased away; His cherry greeting always made A brighter, lighter day; What though he ne'er rose to fame Or never made his pile? A monarch might have envied him He had a pleasant smile.

RUPTURE EXPERT HERE

Seeley, Who Fitted Czar of Russia Called to Middleboro

F. H. Seeley, of Chicago and Philadelphia, the noted trust expert, will be at the Cumberland Hotel and will remain in Middleboro Saturday only, Oct. 2. Mr. Seeley says: "The Spermathe Shield is now used and approved by the United States Government will not only retain any case of rupture perfectly, affording immediate and complete relief, but closes the opening in 10 days on the average case. This instrument received the only award in England and in Spain, producing results without surgery, injections, medical treatment or prescriptions. Mr. Seeley has documents from the United States Government, Washington, D. C., for inspection. All charges waived without charge, or if any interested call he will be glad to show same without charge or fit them if desired. Business demands prevent stopping at any other place in this section. adv.

Out Door Meeting And Baptizing

There will be an all day meeting and basket dinner at Wilton, Sunday, October 2nd, baptizing in afternoon, speakers as follows: E. T. Franklin D. D., President of Union College, Chas. Bromley pastor First M. E. Church at Barbourville, J. B. Kenyon Prof. in Union College, E. N. Early and others. Come, bring a basket, if you can't bring a basket come anyway this is a free for all meeting; we hope to have a great time and to see you there. W. F. Gregory, Pastor.

Has New Lease on Life Doyle Says

Declares Tanlac Relieved Him of Indigestion and Sleeplessness

Louisville, Ky., Sept. 22.—M. J. Doyle, of 1127 Jefferson street this city, says Tanlac taught him to relish his appetite permanently. Mr. Doyle is a route man for the Adams Express Company.

"My digestion was all out of shape," he said recently. "It got to be so bad that I ate almost nothing and didn't enjoy what I did eat. After a meal I felt worse than before. Warm weather made me feel listless and no account, but in cold weather, and especially in damp weather, I was subject to bad colds."

"I dragged along with my work in a half-hearted way. My nerves were in bad shape. I didn't sleep well."

"In the course of my business it was suggested to me several times that I try Tanlac, and I decided to do it. The first bottle did me a world of good, and now I feel as though I had a new lease on life. I am glad to tell others how much good this remarkable medicine has done me, in the hope that others may derive as much benefit from it as I have."

Tanlac, the peerless preparation, can now be obtained in Barbourville, at The Herndon Drug Co's Drug Store. adv.

In the middle of the river is not a real good place to swap horse, though some people do it.

CIRCUIT COURT

The September Term of Circuit Court Has Been Interesting; Some Good Work Done

The Grand Jury Has Been Busy; Many Indictments Returned

In the case of the Commonwealth against Joe Jackson and Lige Jackson, charged with Grand Larceny, having taken a heifer calf from its owner and sold it to the butcher, and the Jury that heard the evidence was of the opinion that about two years at hard labor would do them justice, said so in their verdict.

In the case of Commonwealth against Lige Sharp, who broke into W. S. Woodson's springhouse and deprived him of most all of his preserves and other delicacies, and drinking up all his cream The Jury failed to agree as to whether he should go to the penitentiary or be put up and stail fed.

There are several smaller cases that have been disposed of during this term, such as, carrying concealed weapons, adultery and breach of the peace, that we have not space for this week, that will appear later.

And another thing is when a man accused of selling liquor comes up before Judge Sampson, submits to the law and facts for violating this law, and asks for mercy, the Judge always temers justice with mercy as he did in the case of Steve Staudant, he only gave him \$400.00 and 80 days in jail last Thursday and then told him when he had worked this out on some public road in the county, that he could then get out of jail by giving a bond to keep the peace, and not to sell any more liquor in the county and fixed that bond at the sum of \$1000.00.

Sarah Barton and Francis Barton, also appeared in the court. They have been running a Baudy house, and have broken up many happy homes in the county and this being made known to the Judge, he in his fearless way of doing things, remanded them to jail to pay the fine of \$100.00 and twenty days in jail, and to give a bond of \$1000. to keep the peace. They are yet confined and will no doubt be there for many days yet to come.

There is also some dissatisfaction in the family of George Isreal, he and his wife, Sarah, they were divorced last Saturday. As were also Levi Bays and his wife, Gertrude.

And there was Kelley Tinsley that took six shots at George May, just to scare him, and the Jury said by their verdict that he should have one year in the Penitentiary.

Sylvania Tinsley, who shot and killed George May; while May was in bed, after working hard for the day, and who had given the said Tinsley his food and clothing since he was thirteen years old, he got off with a life sentence in the penitentiary, when he ought to have been sent to the electric chair.

The Jury in the case of the Commonwealth against Dan Gibbs, who detained Miss Birdie Lanthan, the Jury thought Gibbs ought to have about two years, and said so in their verdict.

Wm Stewart recovered damage against the North Jellico Coal Company for the loss of his right leg, in the some of \$5000, he was represented by S. A. Smith and C. Powers. The Company was represented by Black, Black and Owens.

In the case of Mary Mills against the L. & N. R. R. Co. for the death of her husband, on a passenger train, who was killed by the News Butch, in which she sought \$10,000, in damages The Jury returned a verdict in favor of the Company.
